Tutoring (Maastricht)

Description

Becoming a tutor at Success Formula involves holding private or group tutoring sessions as well as improving or creating tutorial materials.

We are continuously looking for new applicants throughout the whole year and are always interested in receiving new applications

Current Openings

Right now, we are looking for applicants who are currently :

- **1st, 2nd and 3-rd-year IB and EBE students**

We are also looking for a tutor able to teach **math for International Baccalaureate** students – either with previous experience teaching it or having taken it himself/herself.

If your profile is not in the list above, we still strongly advise you to apply. When we find a good fit, we keep the application open until we have the perfect opening. It is never too early to apply with us
